

XR Philadelphia cosigns this statement:

Extinction Rebellion DC (XRDC) stands in solidarity with Black Americans and all people who continue to be harmed by police brutality.

The brutal death of George Floyd at the hands of police officers, the deaths of Ahmaud Arbery, Breonna Taylor, and Atatiana Jefferson, are only the most recent high-profile examples of the existential threat that white supremacy poses to Black Americans.

In accordance with XRDC's principles and demands, we are committed to building a more just culture that truly protects and values the lives of Black people, Indigenous people and those in marginalized communities.

The struggle for a more just world includes reparations, anti-racism work on the part of those who benefit from white privilege, and advocating for the repair of the cross-generational and ongoing injustices perpetrated against people of color.

XRDC affirms its commitment to the nonviolent struggle to end white supremacy.
